New  
Renault KOLEOS

# Begin Your Quest Renault KOLEOS

Bigger. Bolder. Better.

The KOLEOS broadens your outlook. A previously unseen alliance of power and refinement, its assertive design pushes the boundaries and expresses itself with a bold style. With space that defies expectations, levels of comfort and finish that have to be experienced to be believed, KOLEOS sets the new standard in SUVs.

KOLEOS 4WD shown.

## The art of drawing attention

The KOLEOS embodies new aspirations. Charismatic with a sense of detail and personality, enhanced by its sleek appearance and athletic curves.

The chrome inserts that start at the headlights underline the vehicle's dynamism and strength of character in an elegant fashion.

The lighting signature's striking design and Pure Vision Full LED projectors attract attention and makes an impression.

Right down to the robust look of its 18" alloy wheels, the KOLEOS is ready for any quest.

## Travel first-class

The KOLEOS is ambitious just like you, taking every aspect of you and your passengers' comfort into account - from offering them a generous amount of legroom to a front compartment just for keeping your drinks cold.

If there's a feature that sums up the KOLEOS, it's 'total comfort'. Specifically, the amount of room for back passengers. The KOLEOS offers a generous amount of passenger legroom, yet there's still a cavernous 542 litres of luggage space.

Rear passengers in the KOLEOS can enjoy dual air vents, dual USB charging ports and rear seat nets to keep things neat and tidy. Its premium brown leather\* seats option reassures the comfort and exclusivity to express your personality. Powered by a motorised sunblind, its electric panoramic sunroof\* opens from underneath the cabin roof and comfortably extends over its passengers. All the while, enjoying the ambience of LED interior cabin lighting.

This could be the first SUV where you'd prefer to sit in the back, instead of the front.

\*Available in KOLEOS Signature 2WD only.

KOLEOS Signature 2WD shown. (Overseas image)

## A feeling of exclusivity

Refinement is in the details. The design and choice of materials for the KOLEOS are carefully selected to meet all your expectations.

The inviting and enveloping seating position is at the top of the range in this category. The overstitched leather, satin finish of the chrome inserts and immaculate trim of the doors provide a level of comfort, worthy of a premium SUV.

The grab handles on either side of the centre console and its raised driving position lets you know that you are in a real SUV.

KOLEOS Signature 2WD shown.

KOLEOS Signature 2WD shown.

## Intuitive technology, instant pleasure

Central to all KOLEOS technology is an 8.7" portrait touchscreen - one of the largest in its category. It's a 'capacitive' touchscreen, which means it's easy to use. Simply drag, pinch or swipe to navigate, similar to using a tablet or smartphone.

Design your personal home screen by choosing the size and position of the maps, radio, favourite contacts, navigation and more. It is also compatible with Apple CarPlay™# and Android Auto™# that allows access to selected smartphone apps from the R-LINK 2 touchscreen multimedia system. Voice commands means ease of use and safety while driving. Plus, you can even create the interior ambience to match your mood with up to 5 different lighting options. It's a complete and immersive experience controlled from your own fingertips.

## Freedom of movement

To open the boot, place your foot underneath the rear bumper. Without needing to take the key out of your pocket or bag, sensors will open the motorised tailgate\* automatically, revealing 542 litres of luggage space. The 'one-touch' easy folding rear seats fold down to a 60:40 split, creating a colossal luggage area.

In addition, its storage is easily accessible with a low loading sill that makes packing cumbersome items easier and a rear boot cover that hides it all.

KOLEOS Signature 2WD shown.

\*Available in KOLEOS Signature 2WD & KOLEOS 4WD only.

# Driver assists

Renault engineers have long studied and re-imagined different driving situations to develop new technologies and systems to assist the driver. And not just in case of an emergency. They can help prevent emergencies from happening in the first place.

## Blind Spot Warning system

The KOLEOS detects vehicles entering your blind spot. An indicator light located on each wing mirror will warn you of any potential hazards.

## Cornering function in fog lights

This feature is automatically activated when turning corners, illuminating your path ahead.

# Safety in any situation

Driving safety is a cornerstone of Renault's corporate culture and builds on fifty years of research and development into accident protection and prevention.

## Adaptive airbags

The KOLEOS protects occupants with multi-stage, variable force deployment airbags. This variable deployment is determined by the severity of the accident and proximity of the driver and front passenger to the dash or steering wheel. The KOLEOS also features lateral pelvis and chest level airbags for front occupants as well as curtain airbags for the entire cabin.

## Latest safety features

The KOLEOS comes with the latest generation of Electronic Stability Program (ESP), Traction Control, Emergency Brake Assist (EBA), Electronic Brake-force Distribution (EBD) and Hill Start Assist (HSA).

## Automatic locking

When driving or leaving the car, the KOLEOS will automatically engage the door locks, never leaving you exposed.

# Proven powertrain

Underneath the bonnet beats the heart of the KOLEOS - a 2.5L engine that generates maximum power of 171 PS at 6,000 rpm and 226 Nm of torque at 4,400 rpm. It's rated to tow 2,000 kgs thanks to its power, torque and rigid chassis.

## 2.5L engine

With the KOLEOS powered by a 2.5L engine, you'll be delighted by its rapid acceleration, responsiveness and fluidity. Combined with Renault's new X-Tronic continuously variable automatic transmission, it is perfect for drivers who expect their vehicle to not only be economical, but enjoyable to drive as well.

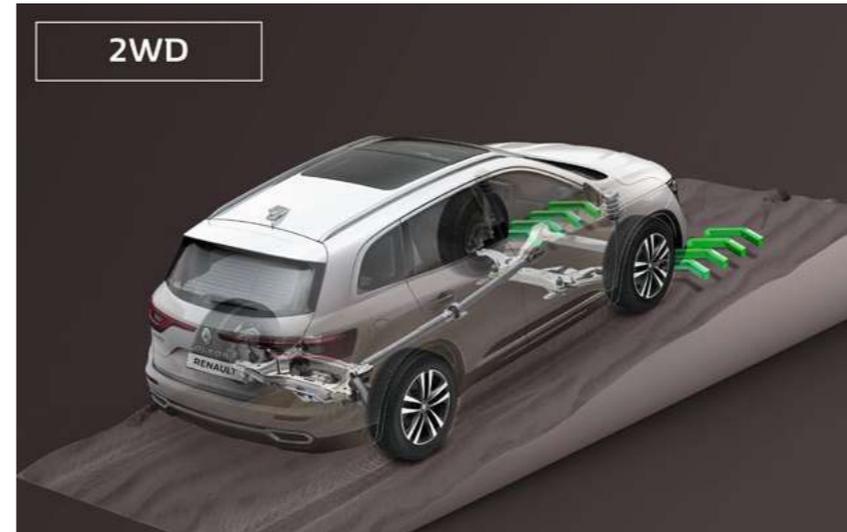

## X-Tronic CVT

X-Tronic CVT automatic transmission offers fluid, responsive driving without any interruption of torque. X-Tronic CVT adjusts continuously whilst maintaining optimal engine speed and also simulate gear shifts, producing even more powerful acceleration.

With a wider gear ratio, it delivers excellent fuel economy, lower CO<sub>2</sub> emissions, quieter driving at low speeds and stronger acceleration at high revolutions.

# Versatility in any situation

The KOLEOS is a genuine 4WD with its high clearance and off road ability. It offers a range of driving options so you can confidently traverse a variety of surfaces and driving conditions. Introducing the Renault ALL MODE 4x4-i Technology\*. With the push of a button, you can switch between three different driving modes to suit the conditions you're driving in.

## 2WD mode

In this mode, only the front wheels will power the vehicle. It's designed for driving on sealed roads, maneuvering through city traffic or cruising down a highway. This mode delivers maximum fuel efficiency in safe driving conditions.

## Auto mode

Use this mode when conditions are wet, slippery or the road surface is unsealed. Sensors will distribute torque between the front and rear wheels to match road conditions, reducing the chance of wheel spin. In tight cornering or braking situations, this mode will deliver optimum torque to the rear wheels.

## 4WD/Lock mode

Lock Renault KOLEOS in 4WD when driving on unsealed roads, slippery roads, off road or steep hills.

Front and rear wheel torque distribution of 50:50 is fixed, ensuring permanent transmissions between the four wheels to maximise the vehicles clearance capability and stability.

When LOCK mode is selected, KOLEOS will switch automatically to AUTO mode when your speed increase above 40km/h.

\*Only applicable to KOLEOS 4WD.

## Chromo zone

Universal White

Grey Metallic

Black Metallic

Meissen Blue

Marron Red

\*New European Driving Cycle (NEDC). Fuel consumption are certified using a standard, regulated method. Actual fuel consumption may vary. \*\*Bluetooth compatibility may vary depending on phone. \*\*\*Compatibility: Android phones running Android 5.0 (Lollipop) and no iPhone earlier than iPhone 5 with iOS7.1. Connecting a smartphone to access Android Auto™ and Apple CarPlay™ should only be done when the vehicle is safely parked, not operated while driving. Drivers should only use the system when it is safe to do so and in compliance with the requirements of The Malaysia Road Transport Act 1987. Drivers should be aware of the potential of hands-free technology to distract a driver's attention from the road, preventing them from having full control of the vehicle.

# Dimensions

VOLUME (L)	
Boot volume-above boot floor	458
With rear seat bench folded down	1,690

## Emergency RENCARE Roadside Assistance Call **1800-888-663** (24 hours, 7 days a week toll free)

Every Renault vehicle comes with a complimentary# RENCARE membership for 1 year, should you ever require any onsite or emergency assistance.

### RENCARE Vehicle Breakdown / Accident Assistance Includes

- 24 hours vehicle breakdown or accident assistance and mirror on-the-spot repairs is available throughout Malaysia
- FREE towing services\* for vehicles involved in breakdown or accidents
- Transmission of information during emergency
- Delivery of battery and petrol

### RENCARE Home Assistance\*\*

- Plumbing repairs
- Electrical appliance repairs
- Air conditioning services
- Locksmith services
- Cleaning and restoration of carpets and furniture

### RENCARE Lifestyle and Concierge Assistance\*\*

- Hotel bookings
- Golf tee-off reservations
- Flower deliveries

### Our warranty commitment to you

We are committed to ensuring a great ownership experience. Your Renault's warranty is a manufacturer's warranty which offers a comprehensive coverage throughout the warranty period. This benefits you through:

#### No omissions or additional charges

Customers can rest assured that there will be no surprises or hidden costs as long as the warranty is valid.

#### Fewer processes, more convenience

A manufacturer's warranty for new cars is not dependent on the processes and policies of third parties (eg: insurance companies).

#### Time saved with immediate rectifications

As long as the relevant rectifications is included the warranty, immediate action can be taken.

**5 YEARS**  
MANUFACTURER  
WARRANTY  
UNLIMITED  
MILEAGE

\*FREE towing or minor on-the-spot repairs, limited to 4 times, and subjected to a limit of RM100 within the 12 months of the validity period of the RENCARE membership. If RENCARE member makes a motor insurance claim, the towing expenses will be borne by the insurance company up to a maximum of RM200. \*\*These services are on referral basis and members have to bear the cost of services. #Excludes company commercial vehicles.
